

ACHS Rates Commendation From Committee

(This is the second of a series of three articles concerning the North Central Association Visitation of Antioch Community High School.)

The General Area section of the visitation report was concerned with the following: Philosophy and Objectives, School and Community, School Staff and Administration, Guidance Services, Program of Studies, Student Activity Program, School Plant, Instructional Materials Services, and Health Services.

The report indicates that the philosophy and objectives have been well formulated with realistic and attainable goals. The committee summarizes as follows: "The faculty, administration, Board of Education, students and citizens should be encouraged to continue their progress along the path already marked with many signs of educational excellence."

In the School and Community report commendations included the successful passage of the referendum and the long range planning going on to meet future educational needs.

Concerning the school staff and administration, the visitors felt that the staff was sufficient in size, ability and stability, with small turnover due to good morale and representative wages.

Their major recommendation was to employ a supervisory person for curriculum coordination and the continued improvement of teaching and programs.

The review of the guidance department commended them for their "dedicated and conscientious job with both college and non-college-bound students." They also recommended the addition of a woman counselor whose specialty was vocational counseling, to round out the staff more completely.

The aim of the Committee for Program of Studies was evaluating the program in relation to the philosophy and the needs of

the community. They found a broad course offering which fulfilled the needs of the college bound and the vocationally oriented. Their prime recommendation was for the establishment of a committee for curriculum development with the employment of a qualified leader for this area.

The Student Activity program was cited for "affording an excellent over-all program," with the major drawback being in the area of girls and boys intramural

activities and student assembly programs caused by the present lack of facilities which is difficult to overcome until the new building program is completed.

The main problems of the school plant were primarily due to age and inadequate space in some areas. These present drawbacks will be rectified with the addition and remodeling presently being planned. Even with its drawbacks the building was found to be exceptionally clean and well

maintained by an efficient and adequate staff.

Instructional Materials services include the library and the audio-visual department. The staff of these two areas was given favorable commendation for their training and job performance as well as their planning for future expansion.

The health services also were awarded commendation for their organization and efficiency with a recommendation concerning the

facilities for the service. Taking the general areas as a whole, the commendation concerning these areas far outweighed the recommendation. The committee also noted that most of the shortcomings had been recognized by the various staffs in their self-evaluative process and were already in the process of being solved where feasible.

(The third of this three part series will be concerned with the specific Program of Studies.)

Walter Block, president of Quaker Industries displays one of the products offered in the new S&H stamp catalogue

S&H Book Features Quaker

Quaker Industries announced today that its TV Tray Tables, Laundry Accessories, Storage and decorative Shelving will be offered to stamp savers in the new 1969 S&H Green Stamps merchandise catalogue now being distributed by 65,000 retailers offering S&H stamps throughout the U.S.

It is the 74th annual S&H catalogue.

Quaker's products will be illustrated in full color in the new S&H "Ideabook" which will have a distribution of 32,000,000 copies across the nation.

William Block, Vice-President, said that S&H is one of the firm's leading customers. The company has been an S&H supplier for 10 years.

Quaker is one of 94 companies in Illinois that provide merchandise worth more than \$17,350,000 to S&H.

S&H, the oldest and largest trading stamp firm, operates 41 redemption centers in the state and 850 nationwide.

McMillen Fired From State Job

James McMillen, of Antioch, superintendent of parks and memorials for the Illinois State Conservation Department since 1963, has been fired from his \$10,000 a year job.

McMillen was notified by telephone that his services were terminated, immediately, by Conservation Director William Rutherford.

He was given no prior notice of the dismissal.

Rudolph Dornier, of Lake Villa, son of Mrs. Iris Dornier, Lake

and memorials by then Gov. Otto Kerner.

The dismissal of McMillen was brought about through Gov. Ogilvie's patronage chief Carl Wiegand. The day he was fired, McMillen was to have received a \$17-a-month pay boost.

McMillen, regarded as an excellent public servant for his years with the department, was presented an impressive plaque by the Great Lakes Park Training Institute on the day he was fired for outstanding service to the conservation department.

McMillen had an illustrious (Continued on page two)

Jim McMillen
Villa village clerk, was named acting superintendent.

McMillen joined the conservation department in 1958 during the Stratton administration and was given the post as head of parks

Batson Sets Library Write-In

A write-in campaign is being launched on behalf of L. N. Batson, of Grass Lake, as a candidate for Trustee on the Antioch Township Library Board in the Tuesday, April 1 election.

Batson was appointed to the board to fill the vacancy created by the death of the late O. R. Kresse after the final date for filing nominating petitions.

Batson was a teacher at Morton Grove High School for 35 years and now serves as a substitute teacher at New Trier Township High School.

His name will not appear on the ballot so his supporters are urging a write-in and reminding voters that in addition to writing in the name they must make a box in front of the name and place a cross in it.

Science Fair Draws Praise For Students

Hats off to the Bi-Phy-Chem Club and the Antioch Community High School for the roaring success of the 12th Annual Science Fair.

Over two hundred projects were exhibited by students from the Antioch-Lake Villa area and better than a thousand people viewed the fine projects. Judges, exhibitors, and parents were thrilled with the quality of the projects, and two students received the honor of \$25.00 awards presented by the State Bank of Antioch. These were presented to Jim Christiansen for his excellent project and to Gary Rush for his project on "The Walking Stick."

Another outstanding award from Antioch Community High School went to Jim McDowall for his project on memory transfer.

First awards at Antioch Community High School went to Brian Pedersen and Kirk Dalgard for their project on "Weathercasting" and to Patty LaPaar and Mary Ann Edmann for their project on "Conservation in Illinois." The above people will compete Saturday at the district exposition at Wheeling.

Second place winners from Antioch Community High School included:

Pam Hunley, Sue Sorenson, Sandy Lukeman, Richard Olson, Roger Sankey and Mark Olson, Linda Kanka and Sharon Morgan, Sherrie Leffler, Kathy Johnson. (Continued on page two)

The Antioch News

"The Antioch News is the only paper in the world that is 100% for Antioch"

10c PER COPY

ANTIOCH, ILLINOIS, THURSDAY, MARCH 20, 1969

VOL. LXXXIII. NUMBER 39

Subdivision Annexation Taken Under Advisement

The possibility of annexing several subdivisions along the western border of Antioch as a means of providing better sewer and water service to the area was raised at the Village Board meeting Tuesday, but final action was deferred.

The suggestion was raised during a general discussion of sewer and water service in California, Feller's, Morley's and Warner Subdivisions.

Representatives of the subdivisions suggested that 12 or 16 inch sewer mains should be installed with an additional lift station to improve the flow of sewage, after it was pointed out that the area is served by an eight inch main.

The proposals were taken under advisement by the board.

The board voted unanimously to transfer \$1,500 from the general fund to a special fund to provide lights at the Little League ballpark.

The action followed a report by Vernie Plotz indicating that participation in the youth baseball program will reach a new high this summer with possibly eight teams participating.

According to Plotz the baseball program has raised \$2,000 towards the total cost of the lighting system, but is short of the total needed.

A plan to provide aerial spraying to control mosquitoes in the village was taken under advisement after the trustees were treated to a short movie showing the spray planes in action.

A representative of Clark Spraying Co. assured the trustees that the chemical used in controlling the summer pests would not affect wild life, plants, or trees in the area.

Fire Chief Todd Manlethorpe was given permission to attend a Fire Chief's Convention in Peoria April 3, 4, 5, and 6 with expenses to be paid by the Village.

On the recommendation of Public Works Superintendent Edgar Simonsen replacement teeth for the village's dragline bucket will be purchased at a cost not to exceed \$250.00.

The board approved the hiring of Fred Witterle as a part-time dispatcher for the Police Department.

LaVerne Woods, president of the Antioch-Chamber of Commerce expressed the organization's appreciation for the new trash containers.

W.C. Petty 38 Years In Office

Lake County Superintendent of Schools W. C. Petty observed his 38th anniversary in office March 10. He has held the post since 1931, longer than any other school superintendent in the State, and longest in office of any man in Lake County government. Dr. Petty has been elected to ten consecutive terms.

Looking back over his 38 years as head of the county's educational system Petty said the greatest change from the early days is the increased enrollment and the size of the school buildings.

He recalled that in the 1930's over three-quarters of the institutions were one teacher schools. Petty used to visit about 80 schools three times each year.

As to whether teaching methods are better now, Dr. Petty says there were always good teachers and bad teachers. "They go to school longer, take special college level courses even after they become teachers and they become better teachers." (Continued on page two)

Legion Post Commander Albert Fronck, left, accepts block of special commemorative stamps from Postmaster Robert Carter. The special issue commemorates the founding of the American Legion in 1919.

Postmaster, Staff Make Special Stamp Offer

Antioch Postmaster Robert Carter and members of the post-office staff surprised and delighted Albert Fronck, Commander of Antioch American Legion Post 748, when he went in to purchase a special stamp issue Monday.

Fronck planned to buy 200 of the special commemorative issue honoring the organization of the American Legion in Paris in 1919.

Carter and his staff anticipated the Post Commander's plans, however, and had a block of 50 of the special stamps framed and mounted which they donated to the Post.

Commander Fronck, on behalf of the Post, accepted the special gift and then picked up the balance of the 200 stamp purchase.

Charles Stearns Funeral Services Held Wednesday

Charles (Dolly) Stearns, 64 years old of 760 N. Main St., Antioch, passed away at 1:45 a.m. on Sunday, March 16th, in the Lake County General Hospital after a 6 year illness. He was born Nov. 11, 1904 in LaPorte, Ind., and moved to Antioch in 1917.

He had worked as a bartender at Harry Cole's Tavern in Antioch for 15 years. He was a member of the Bartenders Local Union No. 105 in Waukegan, and the Antioch Loyal Order of the Moose Lodge No. 525. He married Mamie Wehr on July 5, 1928 in Waukegan. He was preceded in death by his father, James W. Stearns on Aug. 3, 1955.

Survivors are his wife, Mamie, his mother, Mrs. Claudia Stearns of Elgin, Ill., a sister, Mrs. Esther (Hugh) Galbraith, of Ft. Pierce, Florida.

Funeral services were held at 1:30 p.m. Wednesday at the Strang Funeral Home in Antioch. The Rev. Wilton Anderson of St. Stephen Lutheran Church officiated. Interment was in Liberty Cemetery.

Friends desiring may make contributions to the Antioch Rescue Squad.

No Candidates For Grass Lake Board

Deadline on the filing for candidates for the Grass Lake Grade School Board is March 22, but thus far there are no candidates for the two board seats open.

The election will be held April 12. The terms are for three years. The two incumbent trustees have not indicated whether they will seek re-election.

Total snow for season — 31.0"

In the past 60 days we have had less than 1/4" of precipitation and our country side has become a "tinder box."

Be very careful when you burn trash, don't do it on a windy day.

When you finish that smoke, don't throw it out the car window.

If you must burn fields or fence rows, have enough help to control it.

Welcome to the "First Day of Spring."

Where And When?

(Fourth in a Series)

The Fall, and opening, semester of the College of Lake County will begin with the registration of new students on September 8 and 9, according to A. Harris Moeller, Director of Admissions.

Classes will begin on September 11 and be held in interim facilities to be erected this summer on the College land east of Grayslake.

Moeller said applications for admission are now available through high school guidance counselors and at the office of the College, 2815 West Washington, Waukegan. Student orientation and advisement have been set for September 4 and 5.

CLC administrators are now awaiting biddable specifications for the interim facilities from Modlux of California. Last

month, the Board of the College directed Modlux to prepare plans for general bidding. These plans are to be completed and ready for bidding later this month.

It is expected the first facilities will consist of approximately 60,000 square feet of usable space. In addition to classrooms, there will be laboratories, a library-resource center, student and staff center, administrative offices and service areas. It is expected the first phase will be completed by August 1, with the total job completed shortly thereafter. The temporary facilities will be erected on the northern-most section of the 180 acre tract, facing Druce Lake Road west of U. S. Highway 45. The site, which is located at the geographical center of the Junior College District, is bound-

ed by U. S. Highway 45 on the east; Brae Loch Road on the south, and Druce Lake Road on the north. Good roads provide easy access from all areas of the District, and ample parking facilities will be available.

The permanent buildings will be under construction on another section of the site in the near future, and the first of these is expected to be ready by 1972, according to long-range plans. For this reason, the interim facilities will be constructed for maximum student enrollment and usage.

A number of considerations will affect the type of buildings to be erected for the Fall opening. Both the Board and administrators desire to keep costs at a minimum, but the buildings must be able to withstand the rigors

(Continued on page two)

of the show, but all the ever popular characters of Al Capp's famous cartoon strip will be there, too: Li'l Abner (Dennis Boer) and Daisy Mae (Pat Johnson), Marmy Sam (Bryan Sorenson), Mammy and Pappy Yokum (Sue Stringer and Marty Luskiak), General Bullmoose (Bob Sheldon), Apassionata Von Climax (Gigi Palaske), Earthquake McGoon (Charles Hollocker), Senator Jack S. Phloghoun (David Toft), and Mayor Dawgmeat (Dean Homan).

All will be there plus many more of the denizens who inhabit the most unnecessary town in the country, Dogpatch, U.S.A.

The show is loaded with popular songs, "Love in a Home," "If I Had My Druthers," "Jubilant T. Cornpone," "Namely Me,"

and "Don't That Take the Rag Off the Bush?"

The show is under the general direction of Ken Smouse, with Ralph Brooke, Joe Rush, and Barbara Balsamello assisting.

Tickets for the show may be purchased at the door or from members of the cast.

Certain time for both performances will be 8 p.m.

School Registration Dates Are Scheduled

High school orientation and registration will be held for 8th graders at Antioch Community High School on Tuesday, March 25, Wednesday, March 26, and Friday, March 28. Families have been sent individual letters indicating the night for which they are scheduled. It is at this time that the students are scheduled for classes and the various high school activities are explained. The program is conducted under the direction of the Guidance Department with the participation of the Athletic Dept., Fine Arts Dept. and the school nurse.

Needed Tax Hike

Residents of the Emmons Grade School district will go to the polls on March 22 to vote on a .21-cent hike in the educational tax rate for the district.

We urge that the vote be a favorable one.

The district is in financial difficulties and a favorable vote will go a long way toward keeping the school operating as an individual unit.

The need for the increase is well known because expenses for the 1968-69 school year is estimated to be \$124,100 while the anticipated revenue is only \$80,500.

It was pointed out recently that a solution to the problem would be to annex to another school district.

If this were the only solution then we would say it would be a good move.

But annexation to another district would involve the taking on of additional debts of that district by the householders in Emmons and this might not be a good move.

And there is also the matter of pride in the district you have formed and every effort should be put forth to keep the district operating as long as possible.

The growth rate in the area is improving and the addition of youngsters to the school will mean the addition of money from the state in future years which might offset some of the financial problems seen today.

The hike being asked for is not a huge one. It is well studied out to provide only what is needed at the present time.

We think it is a healthy sign.

We approve the move.

Red Cross Drive

Once again it is Red Cross giving time in Antioch Township.

And this year's theme for giving is "SOS—Support Our Servicemen."

The contribution here will be used to support local services and to provide a share of financing the expanded national services.

Antioch has long benefited from the Red Cross in such things as first aid programs, swimming courses and water safety programs.

The goal for Antioch Township this year is only \$1,700.

That is only a few cents a person for those living in the township area.

It is a worthwhile cause.

Dig deep.

Where and When? ..

(Continued from page one)
of 1,000 to 1,500 students and be safe for student occupancy.

The type of facilities envisioned by the College calls for buildings of substantial structure that can be used for a minimum period of five years with safety, relatively maintenance free, and have resale or relocatable value, when permanent facilities are completed and occupied.

The decision to locate the temporary buildings on the permanent campus will from the beginning enable more flexible programming and afford students the opportunity to identify with the college and campus life.

Moeller emphasized that students enrolling at CLC can receive the same educational opportunities available in the first two years at any college. In addition, CLC will offer a wide range of technical and business courses, as well as a two-year nursing program leading to an Associate Degree in Nursing.

Persons interested in enrolling for the Fall semester can secure additional information by contacting high school guidance counselors or the CLC office, Moeller said. A guide to program at CLC this fall will be available through counselors and the college office within the next few weeks.

Truck registrations totaled 15,358,952 in 1967. An additional 834,666 trucks were owned by federal, state and local governments, excluding military vehicles.

Your Congressman Reports....

By Cong. Robert McClary

Salaries of Members of the United States Senate and House of Representatives were increased to \$42,500 per annum, commencing on March 1, 1969. While this increase required no Congressional action, substantial criticism has been directed at the Congress for its "inaction" in permitting the automatic increase to become effective. Since the previous salary level was \$30,000 per year, the raise amounts to 41 per cent. However, if measured in terms of the Congressional salary level which existed in 1885, it appears that the new salary level is not disproportionate to that of the salaries in private enterprise.

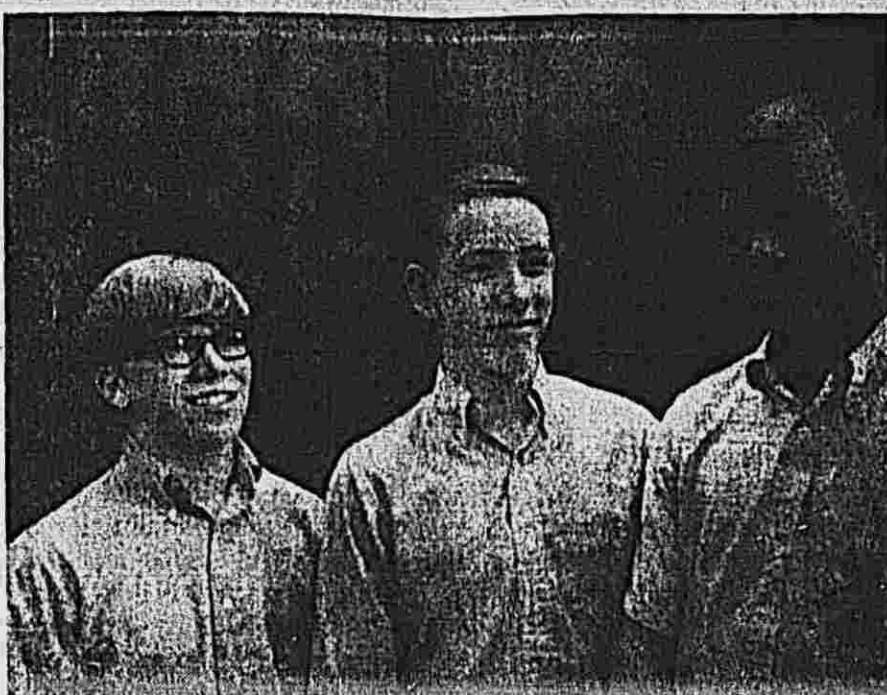

It should be recalled that in 1962 the Congress established a procedure whereby salaries of most Federal employees would be based on comparable payments to people doing the same type of work in private enterprise. Then, in 1967, it was decided that Executive, Legislative and Judicial salaries should be measured according to the same criterion. In the 1967 Act, provision was made for a Presidential Commission to submit a report every fourth year recommending Executive, Legislative and Judicial salary levels. This commission, headed by Frederick R. Kappel, retired Chairman of the Board of American Telephone and Telegraph Company, included 8 other professional, governmental, academic, financial and labor representatives whose recommendations each 4 years would become effective unless rejected by either House of the Congress.

Under the provisions of the law, the President is authorized to accept or scale down salaries as thus recommended. President Johnson accepted the commission's proposal with regard to Executive and Judicial salaries, but at the urging of many Congressmen, he scaled down the recommended salary of Members of Congress from \$50,000 per annum to the figure of \$42,500. At the same time, the President approved the recommended salaries of \$60,000 for Cabinet officers, \$65,000 for Justices of the Supreme Court, and increases for other Executive and Judicial officers at figures substantially above those which were previously paid. Indeed, Cabinet officers' salaries were increased from \$35,000 to \$60,000. At about the same time the salary of the President of the United States was doubled from \$100,000 to \$200,000.

There is a basic disagreement on the part of many Members of the Congress regarding the manner in which these salary increases have been enacted. It has been the view of this Member of Congress, as well as many others, that Congressional salary levels should be established independently of Executive and Judicial salaries. However, it is argued by the proponents of the legislation which resulted in the Kappel Commission that Congressional salary decisions should be taken out of the hands of Congress, and that for many years prior to 1967 Congressional salary levels were far below those to which Members of Congress were entitled.

One other difficulty that affects Congressional salaries is the recognized need to pay salaries to persons attracted to positions in the Executive branch which are comparable to those paid in private industry. As it turns out, Congressional salaries are still below the level of those paid to Assistant Secretaries and other lower level officials in the Executive branch. It is quite doubtful that the Congress, or any commission created by it, would downgrade Congressional salaries below that which has been done, while Executive branch salaries rise to attract highly qualified personnel.

There may be some consolation in this assurance from Congressman Morris K. Udall of Arizona, Chief Sponsor of the 1967 Salary Reform Act under which the recent increases were established: "Congressman Udall has declared: '... in all probability no increase of such proportions as this will ever again be necessary. Released from a system which allowed only six pay increases in 104 years, congressional pay can be adjusted in small amounts as changes in our economy warrant.'"

John White, Antioch, Dave Daubard, Tallula, and Gary Koehler, Springfield, recently attended an agriculture assembly at the University of Illinois.

John White Attends Assembly

John White, Antioch; Dave Daubard, Tallula; Gary Koehler, Springfield, "saw how it is" at the University of Illinois March 7-8, when the Agriculture Alumni Association sponsored an Agriculture Delegate Assembly.

Attending the assembly were outstanding high school juniors who are considering studying agriculture at the U. of I. Urbana-Champaign campus. The delegates visited classes and toured the campus. Following a Friday banquet, sponsored by the alumni group, they visited organized men's and women's houses.

On Saturday the visiting juniors toured the College of Agriculture and met with students, instructors and deans.

Although the program ended at noon Saturday, many delegates attended the Fighting Illini-Northwestern basketball game.

White is the son of Mr. and Mrs. Homer White. Daubard is the son of Mr. and Mrs. J. C. Daubard; Koehler is the son of Mr. and Mrs. G. E. Koehler. Picture: From left, are White, Daubard and Koehler.

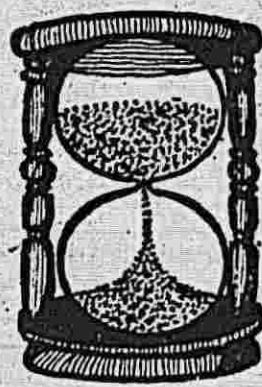

INCOME TAX LAW

The National Federation of Independent Business, Inc., observed, "The federal income tax law is so complicated, as a result of repeated congressional additions, that it runs 930 pages and is explained by some 17,000 pages of court decisions and Internal Revenue regulations. Average taxpayers cope with this maze as best they can. Simplicity is one goal of those seeking income tax reforms."

ACCIDENTS

The Portland, Oregon, Traffic Safety Commission revealed that traffic crashes do not just happen—they are caused—and they are primarily the result of mistakes made by drivers. Competent driving overcomes the hazard of accident-making conditions. Defensive driving plus legal driving could eliminate 90 per cent of all traffic crashes.

FROM THE STATEHOUSE

By
LT. GOV. PAUL SIMON

Sales Tax Increase: The Wrong Answer

Discussion grows among legislators and top government leaders that the answer to the State's present financial dilemma is a sales tax increase.

I strongly disagree. There is no question about the need for additional revenue. With 59,000 more young people in our high schools and grade schools this year—just to cite one example—the cost of state government is moving upward.

If it is any comfort, this is happening in every state, whether the administration is Republican or Democratic. Every sensible economy obviously must be made. But the economies don't diminish the number of children in our schools—and the economies are relatively small compared to the added need.

Three taxes are already over-burdened: the personal property tax, the real estate tax and the sales tax. To increase any of these to meet state obligations can hardly fit anyone's concept of a just tax system.

I have just returned from a radio call-in show as I type this. One of those who called in was a widow who is trying to live on \$44 a month social security—out of which she must pay her real estate taxes and personal property taxes. After paying that, a high percentage of what she has left obviously must go for food.

On top of that, there is serious talk about increasing the tax on food by at least 20%, from 5 cents to 6 cents—and perhaps more.

Even at the 5 cent level, Illinois has the highest tax on a loaf of bread and a pound of hamburger of any state.

Pennsylvania has a 6 cent sales tax but does not tax food. My belief is that its 6 cent sales tax is actually less oppressive than our 5 cent tax because Pennsylvania does not tax food, the essential for living.

When I first was elected to the legislature in 1954, the Illinois sales tax was 2 cents. It has climbed steadily—always without my vote.

What happens is that in each session a variety of taxes always are proposed. But one powerful group after another masses in opposition, and finally the other taxes are eliminated.

Unfortunately, those who are hurt most by a sales tax may not even know the legislature is meeting. Their needs are great, but their power is not great.

The lower your income, or the bigger your family, the higher the percentage of your income is paid by a sales tax. The greater your income, the less you spend percentage-wise on a sales tax.

The reason is that services are not covered by a sales tax, as commodities are. The person who makes \$30,000 a year does not eat appreciably more than the person who makes \$3,000 a year.

The sales tax in a very real sense is a "soak the poor" tax.

If you don't want one, you had better let the leaders of government know—soon.

WOMEN'S CLUB NEWS

Approximately 60 ladies attended the Lindenhurst Women's Club meeting last Thursday. That was the largest group that ever attended a meeting. There were several guests present. Among them was Louise Budde, of 407 Surrey Lane, Seven Hills, who became a member of the club before the evening was over.

Mrs. Rae Gibbons, announced that the Junior Police Club was being organized and that meetings were held on the first and third Monday of every month at 7 p.m. at the Civic Center. All boys, seven through 18 are invited to join.

Captain Bob Gordon, Juvenile officer, and Lt. Tom Hayward are sponsoring the club.

Boys will be issued identification cards and stars. Activities planned for the boys will include athletic events, field trips and movies. The boys will be divided into four separate groups on the basis of age. Officers will be drawn from all four age groups.

April 12 is the date set for the Bowling Party sponsored by the Lindenhurst Women's Club for members and their husbands. Sunset Lanes in Waukegan will be the place. Those planning to attend, should have their money in by April 7. Contact Louanne Cassidy for reservations.

Mrs. Jennie Volpentesta set April 25 as the date to visit the servicemen at Great Lakes Naval Hospital. Anyone who would like to donate, should contact Mrs. Volpentesta.

The ladies voted to hold their dinner meeting at the Stage Stop in Wilmet, Wis. The dinner meeting will be April 10. Those who are to attend will meet at the Civic Center at 6:30 p.m.

Birthday ladies were Sonja Lynch, Judy Hanson, Verla Williams, Sue Brabeck and Betty Coudige.

Hostesses were Janet Kapischke, Rose Mary LaPaglia, Kathy Jenewein, Judy Hanson and Helen Guzski.

Miss Jane Wolff showed slides taken while she served eighteen months with the Peace Corps in Peru. Her talk was very interesting. She also brought along a few of the items she brought back with her.

NEW BABY

Mr. and Mrs. Helmut (Gisela) Sauer, 2317 Green-Tree Ct., Seven Hills welcomed their second son at St. Therese Hospital on March 12. Baby Michael Erich tipped the scales to 6 pounds, 13 ounces. Three and a half year old Paul was very happy to have a baby brother.

Dominick (Bill) Wilhelm of Vernet Village has been ill with pneumonia since last Wednesday.

VISITORS FROM ENGLAND

Mr. and Mrs. Mark (Louise) Soames of Buckinghamshire, England, have been visiting their daughter, Mrs. Wilhelm (Louise Ann) Budde of 407 Surrey Lane, Seven Hills for the past two weeks. They had planned to stay longer and visit other relatives in the States but Mr. Soames hasn't been feeling well. Mrs. Soames works in London at a telephone exchange. She was a guest at the Lindenhurst Women's Club last Thursday evening and expressed her pleasure at being among such a large group of women.

Three Make Dean's List At Northern

Three Antioch area youths have made the Dean's List for receiving a grade of 3.5 or above at Northern Illinois University.

Named were: Robert E. Beese, Rte. 1, Box 777, Antioch; Robert J. Miesley, 306 Mill Road, Wilwood; and William L. Jarvis, 24 Grand Ave., Lake Villa.

NO USE OVERDOING

The old engineer pulled the engine up to the water tank and briefed the new fireman, who got up on the tender, and brought the spout down all right. Somehow, though, his foot caught in the chain and he stepped right into the tank.

As he floundered around in the water, the old engineer watched him with a jaundiced eye. "Just fill the tank with water, sonny," he drawled. "No need to stamp the stuff down."

THE USEFUL TREE

On the land, forests are the greatest source of photosynthetic activity, fixing carbon dioxide from the atmosphere and releasing oxygen as a by-product. It is important for us to recognize this function and the role forests play, not only in supplying products, recreation and beauty, but in providing a basic requirement for life itself.

Dry Area Prompts Warning

Extreme caution should be exercised when burning trash or fields because of the extremely dry condition of the countryside, it was suggested today.

Weather reports indicate that in the past 60 days the area has had only three-quarters of an inch precipitation "turning the area into a tinderbox."

Smokers are warned that cigarettes or cigars thrown from car windows can cause a fire under existing conditions.

The weather report for the period March 12 to 18 shows a low temperature reading of 4 degrees on last Wednesday ranging to a high of 71 on Tuesday.

Total snow for the season has been a minimal 31 inches.

Reservations Being Taken For VIP Fete

Final plans are now being formulated for the VIP Dinner-Dance honoring James McMillen, on March 29, 1969.

A reminder to those planning to attend, tickets will not be available at the door, but must be purchased in advance at any of the following places: St. Peter's Rectory, 557 Lake St., Antioch Savings and Loan Assoc., State Bank of Antioch, and First National Bank.

The committee at St. Peter's asks that the returns be made by March 20th, in order to plan for the number they will serve.

Pentecostal Church Sets Services

The new Pentecostal Church of God, located at Rte. 83 and Wilmet Road, Salem, Wis., announces the opening of services on Sunday, March 23, at 2:00 p.m.

A program of singing will feature the Ancharman Quartet. All churches are invited to participate.

On Sunday evening at 7:30 a film "I Beheld His Glory," the crucifixion and resurrection of Christ will be shown in color.

Everyone is welcome. Pastors Rev. V. E. O'Herson and Rev. V. E. Pape will speak.

Antioch Army Trainee Earns Early Promotion

FT. BRAGG, N. C.—Army Private Richard L. Albano, son of Mr. and Mrs. Louis G. Albano of 719 Hillside Ave., Antioch, has achieved accelerated promotion to the rank of Private E-2 while undergoing basic combat training here recently.

He accomplished this by finishing the top one-third of his graduating company in the overall combined scores of rifle marksmanship, physical training and end-of-training general proficiency test results.

Antioch Youngster Hit As He Alights From School Bus

Kevin Berg, five year old son of Mr. and Mrs. Virgil Berg, of RFD Antioch, suffered bruises and cuts when he was struck by a car after alighting from a bus Monday.

The accident occurred on Rte. 173 east of Rte. 45. Eugene Perry, 16, of Chicago, was charged with failing to stop for a school bus discharging passengers.

'First Americans' Is TV Special

"The First Americans," a TV special depicting the migration of man from Siberia 50,000 years ago, will be presented by the American Gas Industry on Friday evening, March 21, over the NBC television network.

The hour-long color program will be shown at 6:30 p.m. (CST), and will be sponsored locally by Northern Illinois Gas Company. The Great trek of the first Americans will be reported by Hugh Downs. The program was filmed in cooperation with the National Academy of Science.

Middle age is that period when it takes you half as long to get tired and twice as long to rest.

Cong. McClory Supports Pres. Nixon On ABM's

Following the President's press conference on the ABM controversy, Congressman Robert McClory (R-Ill.)—in whose district a Sentinel ABM base was planned—issued the following statement:

"In my opinion the President has made a very wise decision with regard to the deployment of defensive nuclear weapons. I support his decision wholeheartedly.

"It is encouraging to know that a Sentinel ABM base will not be

located near Libertyville or near any large city.

"The President has again demonstrated his primary objective to search and find new approaches to peace. His decision to establish defensive bases in Montana and North Dakota is consistent with the needs of our Nation and leaves the door open for meaningful conversations on arms control and reduction and other peaceful moves."

Adams Expands Service

The Antioch Welding and Radiator Service has expanded its quarters and facilities in a move to give its customers more efficient service in both departments.

Owner Dan Adams said his firm, as of March 10, now occupies the space formerly used by the Diamond Janitor Supply Co., in addition to his former facilities.

The facilities are still located at 344 Park Ave., Antioch.

Adams said the move was necessary in order to give his customers the latest, up-to-date service.

He said his firm is now equipped to handle, in the newly expanded radiator department, anything from small heater cores to large industrial units.

The welding service has also been expanded and new equipment added which will also handle heli-arc (aluminum) welding.

Go Fly A Kite, But Be Careful

Begin Safety Countdown for Kite Flying!

Calling all space pilots! Special report from Commonwealth Edison Company lists five check points you should make before flying kites.

T minus 5 and counting: Use only ordinary kite string. Never use wire or metallic cord as a substitute.

T minus 4: Never attach metal or metal to any part of the kite.

T minus 3: Fly kites in open areas away from overhead wires, traffic and trees.

T minus 2: Never fly kites during storms or when the string is wet.

T minus 1: Abandon a snagged kite rather than risk serious injury by climbing a pole or tree or entering a dangerous area.

All systems go for safety: Remember these rules and tell your fellow space pilots about them.

4-H Suzies, Warriors To Prepare Presents For Viet Program

The Sequoit Suzies and the Sequoit Warriors of the Antioch 4-H Club will combine their efforts and prepare gift packages for mailing to 61 men presently serving in Vietnam.

This event will take place Tuesday, March 25, at 7 p.m. in the Antioch Savings & Loan Assn. community room.

Each month the Antioch Post-office Employees Project Vietnam provides a local group or organization with all the items needed to send gift packages to Antioch area soldiers in Vietnam. Postage, too, is paid out of the project fund which consists of voluntary contributions made at the local postoffice.

Some of the items sent each month are donated by local merchants.

Bond Purchases Reach \$384,799

Lake County residents purchased a total of \$384,799 in Series E and H United States savings bonds and Freedom Shares in January, according to Richard F. Kennedy, and Richard D. Newland, Waukegan, general county co-chairmen of the savings bonds committee.

Sales for January in the state of Illinois were \$31,341,972, down 10.4 per cent from last January, according to Clarence S. Sochowski, state director of the Treasury's savings bond division. Illinois sales represented 7.4 per cent of the national total which was \$424,000,000.

DOG TAGS NOW AVAILABLE

The 1969 Dog Tags are now available at the Antioch Township Office, 920 Main Street. The Lake County dog ordinance requires owners to purchase a dog tag for their pet. The dog must wear this dog license tag on its collar.

Food Stamp Program Aid Rises

Over 157,000 persons in Illinois received food assistance through the U. S. Department of Agriculture's Food Stamp Program during December, according to Dennis M. Doyle, Midwest district director of Consumer Food Programs.

The total included 141,573 on public aid and 15,491 other low-income persons. This is a three per cent increase over November participation.

During December participants in 67 Illinois projects purchased more than \$2.2 million in coupons and received bonus coupons worth nearly \$872,000. This is a bonus average of \$5.55 per person.

In 409 Midwest projects, nearly 700,000 persons were in the program during December. Total value of coupons was over \$13 million of which 32 per cent was in bonus coupons. The district bonus average was \$6.16 per person.

By participating in the Food Stamp Program, low-income families can buy more food by exchanging the amount of money they normally spend on food for coupons worth more than they paid.

Recipients spend food coupons just like cash at authorized retail food stores for any domestic food. They cannot purchase items like household cleansers, tobacco or liquor.

Doyle urges families not getting enough food to look into the Program by contacting the local public aid office.

Supervisors Opposed To Appointments

The Lake County Board of Supervisors has gone on record against a proposal which calls for transferring the power of appointing trustees to several taxing district boards from the chief judge to the chairman of the county board.

Avon Township supervisor Norman Geary made the motion for the roll call vote. West Deerfield supervisor Bruce Frost pointed out that it was the judges who asked the legislature two years ago to take away the power of appointment in non-judicial matters.

County Board chairman Robert W. Dopke said the matter has never been brought up during many visits to the State Capitol, nor has the board favored a change in present policy.

At present the chief circuit judge, with the consent of the other circuit judges, appoints trustees to the sanitary district board, cemetery association, drainage districts, fire protection districts, mosquito abatement districts, the Lake County Public Water District, board of review in both Lake and McHenry Counties, and the McHenry County hospital district.

The roll call vote on the motion was 30 ayes, and one voting present.

HARDWARE STORES

910 Main St., Antioch, Ill.

Street Name Change Lacks Something

Street names should bear some relationship to the character of the area according to some residents of First St. between Main and Highland, but the Village Board isn't sure the name suggested is appropriate.

The residents of the area maintain there is some confusion because of the dogleg in First St., and recommended a name change.

Pointing out that three families on the stretch have a total of 17 children the spokesmen suggested that an appropriate name would be "Big Daddy Drive."

The request was turned over to the Street Committee headed by Verne Barnstable, but there was a feeling that a different identification would be recommended.

Depke Names March As Legion Month

The chairman of the Lake County Board of Supervisors, Robert W. Depke, has issued a proclamation naming March as American Legion 50th anniversary month.

The proclamation calls upon all citizens, business houses, and organizations to join in commemorating the good work of the legionnaires as an expression of appreciation for their service in wartime and peacetime.

The Legion was founded in 1919, shortly after the end of World War I as an organization dedicated to continuing service to God and country.

Part of the proclamation reads: "Its major contribution to American thought and deed and its endeavors to strengthen our freedom and to perpetuate our free institutions have identified the American Legion as one of the great bulwarks of the American way of life."

Many Legion posts throughout the County have special observances planned for the 50th anniversary celebration.

BIG DIFFERENCE

"Dad, what is the difference between a gun and a machine gun?"

"Well, son," the father replied, "there's a big difference. It's just like I spoke and then your mother spoke."

NI-Gas Plans Ahead For Winter Season

An agreement to purchase an additional 35 million cubic feet of natural gas daily from one of its principal suppliers beginning October 27 was announced March 17 by Northern Illinois Gas Company.

NI-Gas said an agreement to this effect has been signed with Northern Natural Gas Company. The agreement, subject to Federal Power Commission approval,

will increase NI-Gas' daily purchase from Northern Natural to 127,250,000 cubic feet and boost total purchases from its four pipeline suppliers to nearly 1.4 billion cubic feet a day. This, with the gas the utility has in underground storage, will enable it to deliver nearly three billion cubic feet of gas on the coldest day next winter to its more than one million customers.

Health Study Committee Is Formed

A new citizen committee has been formed by resolution of the Lake County Board of Supervisors to study health problems.

Called the Lake County Health Service Planning Committee, the group has as its goal the development of an efficient and effective system of tax-supported health and medical services responsive to the public needs.

Members of the committee include: Dr. Jack I. Smith, chairman, Director of the Lake County Health Dept.; Gabriel Popovich, Executive Director of the Lake County Mental Health Clinic; Mrs. Helen Rouse, Executive Director of the Lake County Council on Alcoholism; John J. Ring, M.D., of the Lake County Medical Society; James G. Flood, Asst. County Superintendent of Schools; Louis F. Kompare, M.D., Medical Director and Supt. of Lake County Hospital; Clarence E. Adams, Supt. Lake County Jail; Charles K. Petter, M.D., formerly Medical Director, Lake County-Tuberculosis Sanatorium; Elmer B. Vliet, Lake County Civic League; Richard R. Vevie, Administrator of Condell Memorial Hospital, Libertyville; and R. M. Adelman, M.D., Administrator of St. Therese Hospital in Waukegan.

The number and frequency of sunspots vary, but they have a way of increasing and gathering in larger groups for several years, then becoming less and less frequent until the sun is quite clear of them. About 11 years elapse between periods of spot-tness.

Information on ARADCOM and more than 300 job training opportunities is available from Sergeant McCloskey at 620½ Washington St., in Waukegan, Ill.

A Volkswagen owner advised "Half car, will travel."

Topics for Today's Women

THURSDAY, MARCH 20, 1969 THE ANTIOCH NEWS-4

By Lillian Birdsall

The three day session of the Moose Association, 29th Annual Mid Year Conference was held in Champaign, Ill., on Friday, Saturday and Sunday, March 14, 15, and 16. A total of over 514 Loyal Order members from the various lodges registered and a total of 506 from the Women of the Moose, making the grand total of over 1000 registered members in attendance. Representing the Antioch Moose was Governor Scotty Birdsall and Mrs. Birdsall, Jr. governor Jerry Kusch, treasurer, Jerry Stoen and Mr. and Mrs. Seth Mark.

The first session held on Friday evening was an enrollment ceremony performed by the International Champions, the Woodstock ritual team who enrolled a class of 97 new members for the Loyal Order of Moose. Guest speaker for the evening, Supreme Jr. Governor Orville R. Gunyon, spoke on the topic of conservation. Due to the lack of interest shown, and the weakness being accepted by the different lodges, this is one of the reasons he explained, why conservation has fallen off. His main concern was to the new members and their sponsors to see that the main purpose of the Moose organization was thoroughly explained in detail and what can be gained by being a Moose.

Secretary of State Paul Powell was guest speaker for the next session and his subject was about the citizens' activities, the problems of today and the loyalty connected with the flag of our country. Mostly all the speakers of the day were in agreement that in order to attain success in anything, cooperation and understanding and loyalty are the basic ingredients needed.

The attendance for the Five Club Dinner was a crowd of over 600 members. The Illinois Moose which hosted the dinner invited all sponsors of 5 new members and their wives. Present from the Antioch Moose were governor Scotty Birdsall and his wife, invited but unable to come were Lester Sperling and George Primus, also of Antioch. Following the dinner was a grand ball honoring president Carl A. Bruadli, with music provided by King Jaro's Band.

Every lodge has a quota to meet in regards to their membership standings which is a donation to Mooseheart for the Total Energy program now in progress. Governor Birdsall presented a check for \$600 for the Antioch Moose lodge quota, proceeds from his advertising campaign.

Elda Welch, senior regent of the Champaign chapter was conference leader for the Women of the Moose program with Marie Holden, director of chapter activities as the official visitor. Taking part in the program were the following chapters: Pontiac, East St. Louis, Cicero, Joliet and Rock Island. From the total of 506 co-workers registered, 406 attended the first session, 350 attended the second and 232 were present for the last session. There were 250 Academy of Friendship members present, 100 College of Regents and 49 star recorders, with 62 chapters represented. The deputy grand regent announced that the Friendship session would be held at the Rock Anna High School in Edwardsville in May.

The Legion get-together and potluck was held at the Antioch Moose home Sunday afternoon with eleven members present. A card party, sponsored by the Legion of Moose will be held at the Moose Home Saturday, March 22. There will be table prizes for the winners. Donations are \$1.00 per person and all proceeds made from this project will go for the front of the building remodeling program.

A dinner outing was discussed for the month of May. Gert Good has charge of all dinner plans and she will contact all members and make all necessary plans. It was suggested that the Legion meetings date be changed to a Saturday instead of Sunday to see if it couldn't get a better attendance. This was tabled until the members could be contacted. The next Legion meeting will take place at the Moose Home on Sunday, April 20th, at which time new officers will be nominated to fill the new term. All members are asked to be present.

Legion Auxiliary

By Del Jahneke

The 10th District American Legion Auxiliary will hold a Board Meeting on March 24th, at 8:00 p.m., at the Barrington American Legion Home. Mrs. Richard Brady, Gurnee, District Director, will conduct the meeting. Representing the Antioch Unit will be Mrs. Ray Rathmann, District Treasurer; Mrs. Bernard Stadick, District Community Service Chairman; and Mrs. Edward Jahneke, District Communications and Publicity Chairman.

A "Field Service Volunteer Training Course" will be held on March 26th, at 7:30 p.m., at Downey Hospital, Building Four, Room 102. This session will be an Orientation and Induction Course to qualify American Legion Auxiliary members, or any other interested persons, to work with discharged Downey Hospital veterans in community nursing homes. The Downey Hospital Chief of Staff Dr. V. B. Raulinatis; Chester Scott, Social Service Supervisor; and Mrs. Joseph Schabowitz, Lake County Health Department, Public Health Nursing, will give speeches concerning their various fields of rehabilitation. Auxiliary members who will participate in this program are: Mrs. Robert Breege, Deerfield, Department (state) Hospital Chairman; Mrs. Brady; Mrs. Frank Gates, Waukegan, District Rehabilitation Chairman; and Mrs. Ann Solberg, Zion, District Volunteer Field Service chairman. Every unit is urged to send representatives.

ESSAY WINNERS

At the March 14th meeting of the Antioch American Legion Auxiliary, held in the Antioch Legion Home, Mrs. Rathmann, Unit Americanism Chairman, announced the winners of the annual Americanism essay contest. In Class I-7th and 8th grades, the winners are: 1st - Yolanda Holzee, St. Peter's Catholic Grade School; 2nd - Connie Wiczorek, St. Peter's School; and tied for third place - Sandi Stewart and Carol Wells, both from Oakland Grade School. There were no entries in Class II. Class III encompasses the Antioch Community High School Junior and senior classes. Winners are: 1st - Valerie Strom; 2nd - Debra Zeason; 3rd - Charles Brady; and Honorable Mention - Heather Hunley. Mrs. Rathmann stated that the winners will be invited to the April 11th meeting of the Antioch Unit, where they will receive cash awards, and will be asked to read their essays. The judges, Mrs. Lester Zitkus, Mrs. Ed Jahneke, and Mrs. Olaf Raatikainen, said that the majority of the essays were so well written, it was difficult to make the right decisions.

A contribution was made to the state Past President's Parley Nursing Scholarships Fund. Last year, fifteen girls received \$375 nursing scholarships from the Illinois American Legion Auxiliary, through the money donated to this fund.

The Antioch Legion Auxiliary also gave a donation to the Illinois American Legion, for this state's contribution to the national project, the "GIFT TO THE NATION". On March 15th, U. S. President Richard Nixon pressed a button, which turned on the electrically controlled "Etern-

al Light" at the Tomb of the Unknowns, Arlington Cemetery, Washington, D. C. This "Eternal Light" is electrically controlled so that it will not detract from the "Eternal Gas Flame" at the late President Kennedy's grave site. A color film on Malaysia was shown by Mrs. Lester Zitkus, unit foreign relations chairman. "Our Mission to Fulfill" is the theme of the national American Legion Auxiliary's Foreign Relations Program this year. Last year, the Auxiliary brought new life and hope to some 45,000 aborigines in Malaysia by building a maternity wing to the hospital at Gombak. This addition is two-story, and the entire cost of \$30,000 was expended to build this wing, by contributions from American Legion Auxiliary units throughout the nation. The first floor is divided into clinics, laboratory rooms, etc., while the second floor contains a fifty bed ward.

This year, the Auxiliary is continuing the program by completing the interior wing and outfitting it with necessary equipment to provide modern conditions and professional care. Auxiliary members are asked to study this country - its people of many races; their customs, religions, educational training, history and geography. Card games were played after the meeting and refreshments were served by Mrs. Stadick and her committee.

Coed To Sing In Concert On March 30

Sister Mary Diane Forster, BVM, daughter of Mr. and Mrs. Charles J. Forster of Route 2, Antioch, will take part in an Easter Concert to be given Sunday, March 30, in the Mundelein College Theatre.

Sister Forster, a senior at the Chicago college for women, is a member of the Mundelein College Women's Chorus. The concert will be given with the Glee Club of St. Joseph College, Rensselaer, Indiana.

Featured will be Bach's Easter cantata, "Christ Lag in Todesbanden," and the works by Haydn, Vaughan Williams, Bartok and Hindemith.

Needlecraft Club

The Co-Op Needlecraft Club will hold its regular monthly meeting in Pioneer Hall, 2424 Washington St., Waukegan, on Monday, March 24, at 7:00 p.m.

The project for the evening will be the making of Sun Bonnets for the checkout girls in the Co-Op Food Centers to wear during Old Fashioned Month at Co-Op in April.

Bring 1/4 yard of plain colored cotton material and about 2 yards of ruffling 1 1/2 inch wide. Crinoline for the brim will be furnished at the meeting if you do not have your own. Also bring needle, thread, scissors, pins, pencil and a grocery bag for cutting a pattern.

Mrs. S. H. Harter, president, invites the public.

HOSPITAL NOTE

Mrs. Henrietta Gilpin of Antioch is recuperating at her son's home at 4012 Maple Avenue, McHenry. She underwent surgery recently at McHenry Hospital.

Mrs. Gilpin will return to Antioch this weekend.

At the Tomb of the Unknowns, Arlington Cemetery, Washington, D. C. This "Eternal Light" is electrically controlled so that it will not detract from the "Eternal Gas Flame" at the late President Kennedy's grave site.

A color film on Malaysia was shown by Mrs. Lester Zitkus, unit foreign relations chairman. "Our Mission to Fulfill" is the theme of the national American Legion Auxiliary's Foreign Relations Program this year. Last year, the Auxiliary brought new life and hope to some 45,000 aborigines in Malaysia by building a maternity wing to the hospital at Gombak. This addition is two-story, and the entire cost of \$30,000 was expended to build this wing, by contributions from American Legion Auxiliary units throughout the nation. The first floor is divided into clinics, laboratory rooms, etc., while the second floor contains a fifty bed ward.

This year, the Auxiliary is continuing the program by completing the interior wing and outfitting it with necessary equipment to provide modern conditions and professional care.

Auxiliary members are asked to study this country - its people of many races; their customs, religions, educational training, history and geography.

Card games were played after the meeting and refreshments were served by Mrs. Stadick and her committee.

Where The Boys Are

Airman Martin Lulofs

Airman Martin Lulofs has recently completed basic training at Lackland A.F.B., San Antonio, Texas, and has been assigned to Keesler Air Force Base, Biloxi, Miss., for further training.

He is a 1968 graduate of Antioch Community Consolidated High School and is the son of Mr. and Mrs. Cornelius Lulofs, 591 Gary's Drive, Antioch.

Fl. POLK, LA.-Army Private Johnny D. Broyles, 20, son of Mrs. Irene Broyles, 998 Main St., Antioch, Ill., completed nine weeks of advanced infantry training Feb. 14 at Ft. Polk, La. His last week of training was spent in guerrilla warfare exercises.

During his guerrilla training, he lived under simulated Vietnam conditions for five days, fighting off night attacks and conducting raids on "enemy" villages. He was taught methods of removing booby traps, setting ambushes and avoiding enemy ambushes.

Other specialized training included small unit tactics, map reading, land mine warfare, communications, and firing the M-16 rifle, M-60 machine gun and the 3.5-inch rocket launcher.

Woman's Club Has New Name

The new Business and Professional Woman's Club of Salem met Monday evening, March 10, to make plans for their newly created organization. It was voted by the 18 members present to name the club Paddock Lake Area BPW.

Chairman for the nominating committee, Mrs. Peggy Rau and her two assistants will present a slate of officers at the next meeting, Monday, March 31, at 7:30 p.m. in the Home Economics Room at the Central High School.

Mrs. Dollah Wisocki, by-laws chairman, with her committee will present a set of by-laws for the club. As charter night chairman, Mrs. Rita Schrieker will bring information regarding places suitable for charter night celebration.

Eleven members paid their dues, which was also voted on, and were the first to sign the charter. There is still time to become a charter member at the next meeting. The temporary chairman, Mrs. Ruth Ketterhagen may be contacted at Rt. 1, Box 405AA, Salem, Wis., or call 843-2971.

"How do you get an elephant down out of a tree?" "Just get him to crawl out on a leaf, and wait for autumn."

Neighbors Initiate New Member

The Royal Neighbors Olson Camp No. 459 met at the American Legion Hall on March 11.

The flag of our country was brought in by Neighbor Effie Nelson and the Pledge of Allegiance was said by all.

Initiation of a new member, Alice Fritch, was held and all the officers looked very lovely in their long white dresses and orchid corsages.

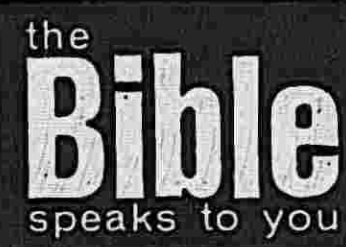

The floor work was presented in perfect order. Birthday song was sung to Neighbor Dot Wertz and also Happy Anniversary was sung to Neighbor Pearl Anderson for her 46th Wedding Anniversary.

A report was brought to the floor that our dear Neighbor Ada Nicholas is hospitalized at the Lake Forest Hospital.

The officers' yearly dinner was held at the Moose Lodge Tuesday evening, March 18, at 6:30.

Hostesses for the March 11 meeting were: Vivian Hurley, Dot Gelden, Lillian Lenseke. Refreshments consisted of Peta cake and crumb coffee cake, and tea and coffee.

The next Royal Neighbor meeting will be March 25, at 7:30 p.m.

This week's Christian Science program

SUNDAY, MARCH 23, 1969

How can spiritual help cure physical disease or supply bread to the hungry? When men learn how to be at one with God in their thinking, His divine ideas provide the needed human help in a natural way. Listen March 23 at 9:30 a.m. on WAIT 820 kc. to "A VERY PRESENT HELP IN TROUBLE."

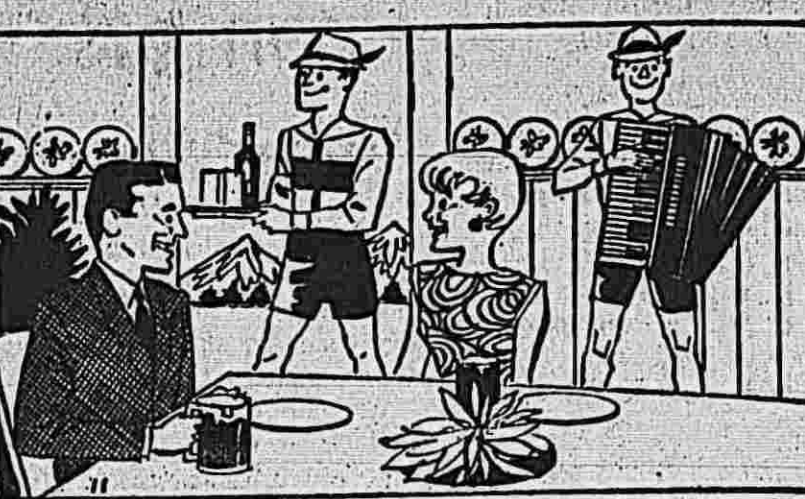

CHRISTIAN SCIENCE CHURCHES

"Set your affection on things above, not on things on the earth." This is the Golden Text of the Bible Lesson-Sermon to be heard at Christian Science churches this Sunday. The subject is "Matter."

Passages from the denominational textbook, Science and Health with Key to the Scriptures by Mary Baker Eddy, will include the following: "To ascertain our progress, we must learn where our affections are placed and whom we acknowledge and obey as God. If divine Love is becoming nearer, dearer, and more real to us, matter is then submitting to Spirit. The objects we pursue and the spirit we manifest reveal our standpoint, and show what we are winning."

In First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, the services begin at 11 A.M.

Don't Miss Our Exciting 4th ANNUAL EASTER EGG DECORATING CONTEST! STARTS NOW!

Decorating Easter Eggs is always lots of fun... and now here's a chance to win a great prize, too, when you enter our fourth annual Easter Egg Decorating Contest. All you have to do is pick up your egg at The Shoe Box and decorate it any way you like with any material you want to use.

You can enter as many eggs as you wish, but remember... they all must be your own work! Bring your entries back to The Shoe Box along with your name, address, phone number and age. Judging will be on the basis of neatness and ORIGINALITY in three age groups: 3 to 5 years, 6 to 9 years, and 10 to 12 years. Separate prizes will be awarded for each age group.

All entries must be in by 4 p.m. Thursday, April 3, 1969.

THIS YEAR'S CONTEST JUDGED BY

Mr. Preston Reckers - Local Artist
Mrs. Ellen McDowell - Local Artist
Mrs. Jane Craner - ATHS Art Instructor

BE SURE TO INCLUDE YOUR NAME, ADDRESS, PHONE and AGE With Each Entry

No Purchase Necessary

ENTRIES MUST BE CHILD'S OWN WORK

Contest Ends Thur., April 3rd - At 4:00 p.m.

ALL ENTRIES WILL BE DISPLAYED IN OUR STORE WINDOW

ALL ENTRIES WILL BE RETURNED IF PICKED UP AT THE SHOE BOX BY WED., APRIL 30.

from \$5.99 to \$9.99

FREE GOLDEN EGG, as seen on TV, given with each pair of Red Goose Shoes

YOU MAY WIN ONE OF THESE BIG PRIZES!

Girl Scouts Set Cookie Sale Dates

Girl Scouts from Antioch have scheduled cookie days in two banks and a shopping plaza on Friday night, March 21 and all day Saturday, March 22 and the following weekend.

Troop 110 under the leadership of Mrs. Howard Zimmerman, will be in the State Bank of Antioch, Troop 213, under the leadership of Mrs. Lester Surrock, will be in the First National Bank of Antioch, and Troop 47 led by Mrs. W. Weathers, will be in the Savings & Loan Plaza.

The Girl Scout West Association will meet Thursday, March 20, 1969, at 7:30 p.m. in the Linderhurst Civic Center. A movie, "Behind the Scenes," with Debbie Reynolds, will be shown. The public is invited.

Co-op Travel Club

The Co-Op Travel Club will hold its regular meeting in Pioneer Hall, 2424 Washington St., Waukegan, on Tuesday, March 25, at 7:30 p.m.

Robert Cray, owner of Cray's Travel Service, 1709 Grand Avenue, Waukegan, will present colored slides and movies of Switzerland, Austria and Italy. The forthcoming trip to those countries in July will be discussed and full details will be given.

A representative of Swissair Lines will accompany Mr. Cray and answer any questions pertaining to the trip.

Mrs. Clifford Arlington, president, invites the public.

April Style Show

The Central High School Community Club will present a style show on April 22, at 8 p.m. at the high school gym. The purpose of this event is to raise money for scholarships for students from the school. Mrs. Sig. Kolano is general chairman. Students in the art department are making posters to publicize the event. They are headed by Chris Vlahakis, a junior. Students and Community Club members will be models.

Tickets will be sold in the near future—adults \$1.50, students \$1. More information regarding the theme, etc., will be forthcoming.

"If our car gets much older," the long-suffering motorist declared, "they'll start issuing it upper and lower plates."

Spring Styles To Highlight Fashion Show

The Ninth Annual Feast and Fashion Dessert Buffet and Style Show will welcome Spring to Antioch on March 20 at 7:30 p.m. in Wesley Hall at the United Methodist Church.

Sponsored by the Wesley Evening Circle, fashions will be presented by Montgomery Ward's of Waukegan. Clothes for men, women, teens, and children will feature sports wear, casual wear, suits, coats, hats, and accessories.

Guests attending this festive event will enjoy delicious desserts, and coffee or tea with all the coffee they can drink during the style show itself. Take-home favors will be given at all places. The table decorations will be sold at the end of the evening.

Some tickets are still available. Seating is limited. Call Mrs. Ken Smouse, (395-1333), the church office, (395-1259), or contact any circle member for tickets.

Antioch Garden Club Sets Trip

The annual trip for the members of the Antioch Garden Club and their friends will be held March 24.

The bus leaves for the Chicago World Flower and Garden Show at 10 a.m. from the Antioch Savings and Loan parking lot.

Box lunches will be provided by the hostesses for the day, who are Mrs. Clarence Spiering and Mrs. Lloyd Leable of Antioch, and Mrs. George Edmonds and Mrs. James Shinkunas of Wadsworth.

WHAT'S A BILLION OR SO?

"When financial hotshots of the U. S. Government were questioned by a congressional committee . . . it developed they could be off as much as \$8 billion in their estimates of how much the administration is actually cutting the federal budget in the big hassle-over-taxes-and-economy. This has to be definitely comforting to those of us who have sweat it out for hours trying to track down a 36-cent discrepancy in balancing our bankbook."—Waltham, Mass., News-Tribune.

Everything cometh to him who waiteth, so long as he who waiteth worketh while he waiteth.

Income Tax Information

REFUNDS TAKE 5-6 WEEKS

CHICAGO, ILL.—If a tax return is properly made out, it takes five to six weeks to issue a refund, Mr. Coyle, IRS District Director for Internal Revenue Service, said today.

To be sure, the return is accurate and complete, taxpayers should check to see if the return is signed (two signatures if a joint return), all W-2 forms are attached, the Social Security number shown on the name label is correct, and compute the tax surcharge correctly when adding it to the regular tax, he added.

He advised taxpayers who do not receive their refunds within five to six weeks to wait about ten weeks before writing about them. To write earlier will only delay processing, he said.

WORKING MOTHERS MAY DEDUCT PORTION OF CHILD COST

Working mothers may take a tax deduction for a portion of the expense of caring for their

children, E. C. Coyle, Jr., Chicago's District Director of Internal Revenue said today. Child care costs may qualify for a deduction if they permit the taxpayer to be gainfully employed or to actively seek gainful employment. Children under 13 years of age are covered by this provision as well as someone who is physically or mentally incapable of caring for himself regardless of age.

Fathers are also eligible to deduct child care costs, Mr. Coyle said, if they are widowed, divorced, or legally separated. The deduction may also be taken by a man whose wife is incapacitated or institutionalized.

Mr. Coyle said the child care deduction is limited to what is actually spent and may not exceed \$600 if there is just one dependent. Up to \$900 may be deducted if two or more dependents are involved. Requirements which must be met to claim this deduction are: (1) Married women must file a joint return

with their husbands and reduce the deduction by the amount that their combined adjusted gross income exceeds \$6,000. (This rule does not apply, however, if the husband is incapable of self-support due to mental or physical cause). (2) Deductions are not allowed for the care of anyone whom the taxpayer is not entitled to claim as a dependent. (3) If the person receiving the payments performs other duties, only the part paid for the child care may be deducted. Publication 503, "Child Care" may be obtained by writing to Tax Forms, P.O. Box 1193, Chicago, Illinois 60690.

GOOD TAX RECORDS NEEDED TO LIST DEDUCTIONS

The choice between itemized deductions and taking the Standard Deduction on Federal income tax returns sometimes depends on how good a taxpayer's records are, Mr. Coyle says.

Unless deductions can be backed up by supporting documents and records, a taxpayer may want to take one of the Standard Deductions. In that case, no records of contributions, taxes and interest paid, or medical expenses need be kept, Mr. Coyle said.

Itemizing deductions will usually result in lower taxes for those who own a home and have property taxes and interest on a mortgage to pay. Mr. Coyle said it might also pay to itemize deductions for those who made large charitable contributions, experienced heavy medical expenses or who suffered losses from storms, fire or theft.

Where married couples file separate returns, both husband and wife must either itemize deductions or claim the same type standard deductions. One spouse can't itemize while the other takes the standard deduction.

IRS Publication 528, "Information on Filing Your Tax Return," furnishes more detailed information on this subject. It may be obtained, free of charge, upon request. Write to Tax Forms, Box-1193, Chicago, Illinois 60690.

Gas Refund Due NI-Gas Customers

C. J. Gauthier, executive vice-president of Northern Illinois Gas Company, announced that gas bills to NI-Gas customers will be reduced to reflect a refund of about \$3.5 million during the next 12 months.

Gauthier said that the refund results from a recent Federal Power Commission ruling affecting the Natural Gas Pipeline Co. of America, one of the utility's principal suppliers. It represents amounts paid to the supplier since December, 1967, which were in excess of rates approved by the FPC in February of this year.

The refund will apply to gas service bills beginning next month, and will extend over a 12-month period. Subsequent bills will continue to reflect the reduced charges for gas, as ordered by the FPC.

The refund will benefit all of the company's more than one million customers, Gauthier said. A similar refund of nearly \$12 million was announced by NI-Gas in August, 1968.

A high school teacher received a note from a parent which read, "Please excuse my son from his Spanish class, his throat is so sore he can hardly speak English."

Television Shows Will Spotlight Illinois Cities

Three Illinois towns rich in history and folklore will be the subject of a special color television program to be presented by Commonwealth Edison Company at 9 p.m. on Sunday, March 23.

The hour-long NBC program "Three from Illinois" will be seen simultaneously on Channel 5 in Chicago and Channel 17 in Rockford. The show focuses on Vachel Lindsay's Springfield, pre-Grant Galena, and Bishop Hill where over a century ago Swedish immigrants founded a colony dedicated to Christian communalism.

"Three from Illinois" continues Edison's sponsorship of quality television programs dealing with the life and culture of Chicago and Illinois. Past specials sponsored by Edison have won several awards. Among the honors are the National Association of Television Arts and Sciences' Emmy, the Georgia International Film Festival's Premiere Award and Esquire Magazine's Business in the Arts Citation.

What we remember about the speed of light is the fact that it gets here too soon in the morning.

months illness. Born in Poland Nov. 24, 1897, Mrs. Zalewski had resided in Antioch the past 13 years. She was a member of St. Peter's Church and the Altar and Rosary Society.

Survivors are her husband, Walter; two sons, Edward (Lillian) of Chicago and Casimir of Antioch, and four grandchildren.

She was preceded in death by her son, Joseph, six years ago.

Services were held Saturday from the Colonial Funeral Home to St. Peter's Church where requiem Mass was celebrated at 10 a.m. Interment was in Ascension Cemetery. Parish prayers were recited Friday at 8 p.m.

WALTER H. BAETHKE

Walter H. Baethke, 78 years old of 622 North Main St., Antioch, passed away at 1:00 a.m. on Thursday, March 13, at his home suddenly from a heart attack.

He was born July 17, 1890 in Elmhurst, Ill., and moved to Trevor, Wis., in 1894, to Kenosha, Wis., in 1916, and to Antioch in 1924. He was a member of Faith Evangelical Lutheran Church in Antioch. Mr. Baethke had been a barber all of his life, having owned and operated "Walt's Barber Shop" in Antioch from 1924 to 1959.

He married Jennie Parks on July 17, 1912 at Trevor, Wis. He was preceded in death by a daughter, Mrs. Vileta L. Walsh on May 26, 1955.

He is survived by his wife Jennie, two sons, Elmer, of Antioch, and Raymond, of Phoenix, Ariz., two brothers, Arthur, of Lafayette, Colo., and Edgar, of Forest Park; one sister, Mrs. Lillian (Mar.) Johnson, of Pompano Beach, Fla.; 4 grandchildren and three great-grandchildren.

Funeral services were held at 2:00 p.m. Saturday at the Faith Evangelical Lutheran Church in Antioch, where he rested after 1 p.m. Saturday. The Rev. David Ponath of that church officiated. Interment was in North Bristol Cemetery near Bristol, Wis. Friends called at the Strang Funeral Home in Antioch after 2 p.m. Friday.

Friends desiring may make contributions to the Faith Evangelical Lutheran Church.

ROBERT J. NELSON

Robert J. Nelson, 78 years old of 603 Benjamin St., Ingleside, passed away at 5:40 a.m. on Saturday, March 15, in the Terrace Nursing Home at Waukegan, after a long illness. He was born Jan. 26, 1891 in Chicago; and resided there until moving to Ingleside 20 years ago.

DEATH NOTICES

MRS. PAULINE ZALEWSKI

Mrs. Pauline Zalewski, 72, of Rt. 2, Antioch, died Wednesday morning, March 12, at Condell Memorial Hospital following a 5

He had been a master plumber, having owned a shop in Logan Square in Chicago for many years and had been a journeyman plumber since moving to Lake County. He held membership in Local 93 of the Plumbers Union in Waukegan.

Mr. Nelson married Frances Kurtz on May 27, 1914 in Chicago and she passed away on March 26, 1943. One brother, Elmer Nelson, passed away in 1919.

Survivors are two daughters, Mrs. Irene (Donald E.) Gable, of Antioch, and Mrs. Jeannine (Earl) Panza, of Monterey Park, Calif., one son, James R. Nelson, of Round Lake, Ill., one sister, Mrs. Florence Wray, of Clearwater, Fla.; 12 grandchildren and three great-grandchildren.

Funeral services were held at 11 a.m. Monday at the Strang Funeral Home in Antioch. The Rev. Donald Cobb of the Antioch Methodist Church officiated. Interment was in Mt. Olive Cemetery in Antioch.

MRS. AGNES McDONALD

Mrs. Agnes McDonald, 76 years old of Antioch passed away Tuesday, March 18, at her home at 497 Naber Street, suddenly from a heart attack. She was born December 2, 1892 in Dixon, Ill., and had resided in Brighton, Wis., before moving to Antioch in 1943. She held membership in St. Peter's Church and the Altar and Rosary Society of the church.

She was preceded in death by her husband, George L. McDonald on January 11, 1958, and by one brother and one sister.

She is survived by two daughters.

ters, Mrs. Marjorie (Charles L.) Seitz, of Antioch, and Mrs. Betty (Herbert) Boyden, of Newark, Delaware; one son, Alvin McDonald, Huntley, Ill., 11 grandchildren and one great-grandchild, and a brother, Joseph Payne, of Polo, Ill.

Mass will be held at 10:00 a.m. Friday at St. Peter's Church in Antioch. Interment will be in St. Francis Xavier Cemetery at Brighton, Wis. Friends may call at the Strang Funeral Home in Antioch after 2:00 p.m. Thursday, where parish prayers will be recited at 8:00 p.m. Thursday.

ANTIOCH SAVINGS & LOAN

425 LAKE ST. 395-3030 ANTIOCH, ILL.

The Petersen's abode isn't humble but their heating bill is.

Less than \$200 a year for clean electric heat.

When Wally Petersen built his split-level in Deerfield six years ago, he was convinced that only one kind of heating system would give him the most for his money . . . electric heat. Plenty of people told him he'd be sorry later, but they couldn't change his mind.

Over the years, Wally's judgment has proved to be perfect. Because today, he heats his home for less than \$200 a year . . . and he and his wife agree they have the

most modern heat there is.

Convenient heat, that Wally can turn 'way up in the bathroom on a cold morning. Clean heat, that Wally's wife Joan says has it all over the kind of heat they had in their previous home. And most of all, heat that isn't out of line with the Petersen budget.

Electric heat isn't out of line with your budget, either.

GOOD CITIZENS BUILD BETTER COMMUNITIES

Citizenship involves more than casting a ballot, attending a civic club meeting, and obeying the law.

Citizenship means wholehearted, day-to-day support of both government and the civic and philanthropic agencies which work for community improvement.

(name of agency or project) benefits your community and—directly or indirectly—benefits you and yours. And your help is appreciated, needed and deserved.

Help, won't you?

Welcome Wagon

Carbon Monoxide A Danger

As a result of an increasing number of fatalities from carbon monoxide poisoning, Gerald W. Cavanagh, president of the Chicago Motor Club-AAA, has issued the following information to help motorists avoid the dangers of this common hazard:

"As we have repeatedly warned motorists, carbon monoxide is the motorist's deadly enemy."

"It is a main component of exhaust gases that is colorless, odorless, tasteless and does not irritate the eyes or nose. This makes it a sneaky killer that even in small amounts can cause dizziness, nausea and slow a driver's reaction time to the point that an accident might result."

"In large amounts, of course, carbon monoxide is fatal, as too often has been demonstrated by deaths it has caused."

"Warning symptoms of carbon monoxide poisoning include drowsiness, headache, poor coordination and faulty vision."

"If any of these reactions occur, occupants of a car should immediately inhale deep breaths of fresh air."

"Carbon monoxide is produced by imperfectly burned fuel. Excessive amounts may be caused by faulty engine adjustments. But even the best adjusted engine may leak enough of the gas to be fatal."

"The principal danger points are clogged exhaust pipes, defective exhaust systems and faulty gaskets."

Here are Cavanagh's suggestions for avoiding the dangers of carbon monoxide:

—Never run the motor of a car in a closed garage or other unventilated enclosure. This is the most common danger.

—Always keep a car window open to assure the circulation of fresh air.

—Shut off the motor if you are sitting in a parked car for more than a few minutes.

—Without delay, have your engine checked for proper combustion.

—Without delay, have all points of the exhaust system checked for leaks and stoppages.

—Remember—your exhaust pipe may get clogged by backing into a snow bank.

Sign on the wall of a motor vehicle bureau: "By 1975 there will be more than 200 million automobiles. If you want to cross the street, you'd better do it now."

Salem Falcons...

(Continued from page six)
used a pressing defense to roll over their opponent 46 to 9. Once again, balanced scoring paved the way as for the victory. Salem took to the road once more as they traveled to Wheatland. The Falcons got off to a slow start but broke the game open midway through the second quarter.

Salem then met a non-conference foe, Waterford. The Salem boys had a tough time as a scrappy outfit Waterford kept the game close. It wasn't until the final quarter that the Falcons broke the game open and won 38-25.

Salem at this point, took a break from conference play to play Central's Freshmen. The Falcons raced to an early lead and continued to dominate the game for the remainder of the contest, as they won by a 45-32 count.

Returning to conference play, Holy Name was Salem's next opponent. The Falcons displayed a hawking defense as they rolled to a 45 to 5 victory.

The Falcons met the Central freshmen for the second time and once again they came out on top by a 45 to 38 count.

In the Westolia Conference Championship, which pitted the two undefeated powerhouses of the league—Salem and Brookwood. Brookwood entered the game with the highest scoring unit in the league, while Salem had the most versatile defense in the league.

The 600 fans watched Salem roar to commanding 13-2 first quarter lead. The Brookwood unit was never able to recover from the initial shock and Salem moved into undisputed first place with a 37 to 25 victory.

The Falcons' next encounter was with a non-conference foe from Lance Junior High. The Falcons had a little letdown from the Westolia Championship game but still managed to stay even with Lance and in the third quarter they grabbed a three point lead. The Falcons increased their lead to 6 points in the final quarter, but a couple of turnovers proved costly to the Falcons as they lost on overtime contest, 47 to 45.

In the final conference game, the Falcons rolled over Randall by a 41 to 23 count and completed an undefeated season in conference action. Once again strong rebounding, tough defense and balanced scoring were the keys to the victory.

The Salem Falcons completed their regular season with one of the best records in the history of the school as they compiled an overall 18-3 mark.

Shoot Will Benefit Center

The McHenry Sportsmen's Club will hold a Prize Shoot for the benefit of the Pioneer Center for the Exceptional on Sunday, March 23rd.

The Center, under Robert Lambourn's direction, trains handicapped persons to take their place in industry and be self-supporting. Those who are unable to hold jobs on the outside, work in the Center. Most of the patients are mentally retarded. Contributions are used by the Center to provide equipment and tools in their training and work programs.

The McHenry S. C. will give all of the net proceeds from this event to the Pioneer Center, and members will donate their services. The Club will supply all the clay targets, trap equipment and grounds free.

To encourage a large turnout of shooters to this worthy event, the club will make it possible for all classes of shooters to win their fair share of the prizes by running the ever-popular "equalizer" shoots, such as the Hi-Lo, Single, Double, Triple and Quintuple White Bird Shoots.

In the Hi-Lo shoot, the gunner who breaks the most targets wins a prize, while the shooter who breaks the least also wins a prize.

In the White Bird events, the lucky nimrod who shoots down the white target wins a prize, as does the marksman who posts the highest score. White targets are thrown at unknown intervals, and those which are missed are thrown again until they are shot down.

Regular targets are black and yellow, and all contests are ten bird events. Trap operators cannot see the shooters, so the presentation of white targets remains anonymous.

JoPat tender-aged steaks and chickens are the main prizes to be won. Hot refreshments and shells will be available all day long in the club house. Shooting starts at 11 a.m. and continues until all the shooters are shot out.

The McHenry Sportsmen's Club is on the west side of Pistakee Bay.

DRIVING FOR TRAFFIC SAFETY

by Paul Powell
Secretary of State

The actions of a minority often reflect the attitudes and habits of an entire group. Teenage drivers have created such a situation, and when speaking of the problem with the teenage driver, adults seldom qualify their statements.

Each year, many youthful drivers are capable of and achieve better driving records than older and more experienced drivers. A recent study of young drivers revealed that males aged 16-20 who have had driver education courses in school had records twice as good as those who had not received such training. Their group had 505 fewer accidents and/or convictions per thousand.

A stigma has been placed on today's youth behind the wheel by those few in that age bracket who have stacked the statistics. It is the responsibility of the teenage driver to remove this unearned label.

For a copy of "Rules of the Road", write to Paul Powell, Secretary of State, Springfield, Illinois 62706.

Legal Notice

LEGAL ANNUAL TOWN MEETING AND ELECTION
NOTICE IS HEREBY GIVEN to the legal voters, residents of the Town of Antioch in the County of Lake and State of Illinois, that the Annual Town Meeting and Election of Officers of said Town will take place on APRIL 1, 1969.

The polls will open at 6 o'clock A.M., and will close at 6 o'clock P.M., on said day in the place or places designated as follows:

Precinct No. 1: Fire Station.
Precinct No. 2: Old Village Hall

Precinct No. 3: Lotus School
Precinct No. 4: Grass Lake School.

Precinct No. 5: Channel Lake School.

Precinct No. 6: Emmons School
The officers to be elected are: Town Clerk

Assessor
Three Town Auditors
Library Trustees.

The Town Meeting for the transaction of miscellaneous business of said Town will be held at 2 o'clock P.M. on said day at Recreation Room of Fire Station

Farmers and other landowners have become aware of the fish pond as a source of cheap, delicious food and relaxing sport. But in order to harvest a full aquatic crop from any pond, it is necessary to plant, fertilize, and reap it properly, just as with any crop that grows on land.

and a moderator having been elected, will proceed to hear and consider reports of officers, to appropriate money to defray the necessary expenses of the Town and decide on such measures as may, in pursuance of law, come before the meeting.
Given under my hand March 17th, 1969.
L. R. VAN PATTEN, JR.
Town Clerk

Legal COUNTY ZONING NOTICE STATE OF ILLINOIS

COUNTY OF LAKE)
